

BACHELOR PROGRAM – SEMESTRIAL TRANSCRIPT

Student: Alessandro Arensberg

Program: Albert School - Bachelor of Data & Business - Track Advanced Mathematics

Academic Year: 2024-2025

Semester: S2

Year of graduation: 2026 (currently 2nd year of study)

TEACHING UNIT	COURSE	1st SESSION GRADE (/20)	GRADE	SITUATION	ECTS
Summary of the Teaching Units taken during S2 semester					
MATHEMATICS		13.6	B	PASS	10.0
DATA		16.1	A-	PASS	9.0
BUSINESS		14.6	B+	PASS	8.0
HUMANITIES		16.1	A-	PASS	3.0
Details of the grades obtained in the courses taken during S2 semester					
MATHEMATICS	Randomness 3 : Statistical thinking	17.5	A	PASS	5.0
MATHEMATICS	Matrix decompositions 2 : the SVD	9.7	C+	FAIL	5.0
DATA	Prompt Engineer 101	PASS	PASS	PASS	1.0
DATA	Achieving a ML Proof-of-Concept	17.3	A	PASS	2.0
DATA	Machine Learning 3 - Unsupervised models	16.6	A-	PASS	3.0
DATA	Machine Learning 2 - Supervised models	16.7	A-	PASS	3.0
BUSINESS	Strategy consulting 101	18.0	A	PASS	2.0
BUSINESS	Mobile & social media marketing	15.2	A-	PASS	2.0
BUSINESS	Value & Risk	10.5	B-	PASS	2.0
BUSINESS	Economic Growth	14.7	B+	PASS	2.0
BUSINESS	Business Deep Dives	15.3	A-	PASS	0.0
HUMANITIES	Pitch (investor & C-level)	14.2	B+	PASS	1.0
HUMANITIES	Geopolitics	16.0	A-	PASS	1.0
HUMANITIES	Intro to environment	18.0	A	PASS	1.0
TOTAL ACQUIRED ECTS: 30 out of 30					
VALIDATION OF THE SEMESTER: Yes, congratulations!					

Teaching Unit Validation Requirements - To validate each Teaching Unit, you must meet all criteria:

- Achieve an ECTS-weighted average $\geq 10/20$ across all courses within the Teaching Unit;
- Obtain individual course grades $\geq 6/20$ for every course within the Teaching Unit;
- Maintain an overall absence rate $< 15\%$ for the Teaching Unit;
- ECTS are only awarded when the Teaching Unit is fully validated through Session 2 exams if needed.

Please refer to the dedicated page on the wiki for further details: <https://inside.albertschool.com/wiki/diploma-course-validation-rules>.
